The man who never saw a rail-  
road will soon be very scarce in  
the Big Sandy Valley. The rail-  
roads are hunting them up and  
will soon be running over them.

The Cuban Congress has reas-  
sembled for an extra session of  
three months. A permanent polit-  
ical treaty with the United States,  
divorce and coinage laws and many  
other important measures must be  
acted on.

Leslie Combs is credited with  
bringing about a peaceful settle-  
ment of the difficulties between  
San Salvador and Guatemala. His  
training in Kentucky Republican  
most complete makes a little row like  
this easy pickings.—Louisville  
Times.

The Goebel Monument Commis-  
sion at its meeting in Frankfort  
Tuesday selected a design offered  
by Adams & Sons, of Lexington,  
and the contract for the erection of  
the monument at the cost of \$15,  
000, will go to that firm. A sub-  
committee was appointed to draw  
up the contract.

Gov. Beckham will open his  
speaking campaign at Owensboro  
next Monday afternoon. He will  
speak at Hawesville Monday night  
and at Henderson on Tuesday.  
No other appointments are given  
out, but it is stated at Gov. Beck-  
ham's headquarters that he will  
make eight or ten speeches a week  
until the close of the campaign.

M. E. Ingalls, Fusionist, was de-  
feated for Mayor of Cincinnati by  
Julius Fleischmann, the Republi-  
can incumbent, by a plurality of  
16,620. Tom L. Johnson was re-  
elected Mayor of Cleveland over  
Goulder, Republican, by about 8,  
000 plurality. The entire Demo-  
cratic city ticket was elected. John-  
son's victory is said to strengthen  
his chances for becoming the Dem-  
ocratic nominee for Governor next  
fall. It is possible he may be op-  
posed by Mayor Fleischmann. The  
Cincinnati Fusionists declare their  
organization will be maintained  
and Ingalls may be pitted against  
Hanna for the Senate.

# Ayer's

When the nerves are weak  
everything goes wrong. You  
are tired all the time, easily  
discouraged, nervous, and  
irritable. Your checks are

pale and your blood is thin.  
Your doctor says you are  
threatened with a nervous  
breakdown. He orders this  
great old family medicine.

For more than 30 years we have used Ayer's  
Sarsaparilla in our family. It is a great tonic  
and blood purifier. It cures all kinds of skin  
diseases. It is sold by all druggists.  
J. C. AYER & CO., Lowell, Mass.

Keep the bowels regular with Ayer's  
Pills, just one pill each night.

The Big Sandy people should  
take advantage of the present ac-  
tivity in the valley to make money.  
This can only be done by work.  
The dream that we are to awaken  
some fine morning and find our-  
selves wealthy must be dispelled.  
Many are sleeping away valu-  
able opportunities. There is a  
strong demand for the services of  
all who want work and the remun-  
eration is the best ever enjoyed in  
the Big Sandy Valley. It will not  
always remain this way. "Get  
busy" and lay up something for a  
"rainy day."

Congressman J. W. Babcock,  
chairman of the Republican Con-  
gressional Committee, says the Re-  
publican party should revise the  
tariff. He says, "If it costs \$1 to  
make it in America the tariff  
should be twenty-five cents. The  
minute the tariff exceeds this dif-  
ference it fosters monopoly."  
"Steel furnishes the best illustra-  
tion. Heavy castings in steel and  
iron can be produced in America  
for less than any country in the  
world, yet there is a duty of \$8 a  
ton. This means that American  
consumers pay tribute of \$5 a ton.  
Glass furnishes another illustra-  
tion. A few years ago you could  
buy a box of glass for something  
like ninety cents. Today it costs  
\$3.50. The evil of over protection  
must be recognized."

Carter H. Harrison was re-elected  
Mayor of Chicago Tuesday, de-  
feating Graeme Stewart, the Re-  
publican nominee, by 6,948 votes.  
This is Mr. Harrison's fourth elec-  
tion to the office. Municipal own-  
ership of the street railways fur-  
nished the principal issue of the  
campaign.

In the contests for Council and  
House of Delegates in St. Louis  
the Democratic candidates won by  
majorities ranging from 8,000 to  
10,000.

Republicans made gains in the  
Kansas elections, where the liquor  
question was an issue. In Nebras-  
ka towns party lines were gener-  
ally dropped, where the liquor ques-  
tion was also the issue. Demo-  
cratic majorities were given in a  
number of towns heretofore Re-  
publican. Elections were also held  
Tuesday in Wisconsin, Colorado  
and Oklahoma.

## FALLSBURG.

There are not as many attending  
school now as there were in the  
winter. Some quit on account of  
lagrip and some of them had farm  
work to do.

We have all concluded that Fri-  
day night is a bad night for Liter-  
ary society business, but still none  
of us have seen any mermaid yet.

The Odd Fellows had a good  
time last Saturday night at this  
place. Tip Moore was here and  
was the only man in attendance  
that knew anything about the popu-  
lation of China at the present  
time.

and Sol figured rather conspicu-  
ously. But with all the enjoyments  
attached thereto, the score return-

eager to explain that "the big  
fish got back" or was lost off be-  
cause of inferior lines, etc.

financially, everything paid up to  
date.

Sunday Schools at four of the six  
appointments.

Much credit is due Bro. Cheap  
for his successful efforts thus far,  
though he so sadly regrets that he  
"had no marriages to report" and  
"I can't see why." We then heard  
the Elder say, "This charge is sec-  
ond to none in Kentucky confer-  
ence."

On Sunday Rev. Howes, P. E.,  
preached an eloquent sermon to a  
large and appreciative congrega-

was robbed of \$50, his watch and

reason.

The Ashland Steel plant and rod  
mill have closed down on account  
of the labor troubles there. The  
Sheet mill is still running with  
non-union men, but will soon be  
out of material and will then close.  
The prospects are not very bright  
for Ashland industries. The trou-  
ble is due to the striking employ-

## Mother's Girl.

There exists often a very beautiful companionship between the mother and her daughter. The intimacy is frank, free and sympathetic. But some day the mother feels as if something had chilled this intimacy. The child is silent and sad, and seems to shun her mother instead of seeking her.

This change very often occurs when the young girl is crossing the border line of womanhood. She is morbid, nervous, fearful, as she enters upon this new experience. The use of Dr. Pierce's Favorite Prescription at such a time will do more than restore the normal balance of mind and body. It will establish the womanly function upon a basis of sound health, as well as improve the appetite, nourish the nerves, and promote the general physical health.

"Two years ago my daughter's health began to fail," writes Mrs. Dan Hall, of Brookfield, Green Co., Wis. "Everything that could be thought of was done to help her but it was of no use. When she began to complain she was quite stout, weighed 175—the picture of good health, until about the age of fourteen, then in six months she was so thin her weight was but 115. I felt I could not give her up as she was the only child I had, and her mother was so tormented by her illness that she could not sleep. My daughter would have been in her grave to-day had it not been for your 'Favorite Prescription.' When she had taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she was completely recovered. Since then she is as well as can be."

The Common Sense Medical Adviser, 2008 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## OUR NEIGHBORS.

Cannel City, Ky.—A strange case in the Circuit Court here was that against Ed Wilson for selling whiskey. It developed that Wilson had recently died of fever, also that his lawyer, A. C. Nickel, and his bondsman, A. K. Allan, had died. The case was dismissed.

Officers raided a large moonshine still on Miner's creek, Elliott county. The still and over a thousand gallons of partly distilled liquor were destroyed. Frank Stamper, the alleged 'shiner, was captured and lodged in jail at Olive Hill. Stamper broke jail at West Liberty when he was charged with a like offense four years ago, and had eluded capture.

It seems that Rev. Glover did not die in the pulpit, as first reported: "Rev. J. W. Glover, pastor of the M. E. Church, South, at this place, died very suddenly last night at the home of J. U. Hamilton, on Salt Lick, near here. Rev. Glover had been conducting a protracted meeting at the latter place and was staying at the home of Mr. Hamilton. He was apparently in his usual health and no change whatever had been noticed in his condition. Last evening he was taken suddenly ill and passed away at midnight, March 17th.

A desperate battle between factions of the Howard-feud, of Morgan county, took place at Lee City Sunday morning, as the result of which one man is dead, two mortally and two desperately wounded. Nick Strickland was stabbed in the abdomen and expired an hour later. Charles McCormick was shot through the neck fatally, and Clay Rose received a bullet in his right side and will die. The others wounded are Billy Manns and Bob Howard, the former shot through the right shoulder and the latter in the left groin. Strickland and Rose are brothers-in-law of Manns.

The feud originated in a graveyard at Caney, where one of the children of Will Howard was being buried. The minister intimated that the Manns boys were reckless in his funeral oration, and the Manns boys charged Howard with asking him to make the reference to them. A fight followed just as the crowd was leaving the little graveyard, and one of the brothers of Will Howard was killed.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Sold by Louisa Drug Company.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out. Fill a bottle or commode with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also a convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmor's Swamp-Root, the great kidney remedy, fully agrees with in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. ## MATTIE.

The farmers are getting ready for a crop. The mud is drying up but the roads are almost impassable. Mrs. W. H. C. McKinstor died April 3d, at 3 a. m., from consumption. She leaves a husband, two small children and a host of friends to mourn their loss. But their loss is heaven's gain. She often shouted the praises of God and said she was ready and willing to go. She was buried in the family grave yard. R. T. Thompson conducted the burial service.

Also, Jerry Jordan, better known as "Uncle Jerry," died April 3d, at 4 a. m. He leaves a wife and 6 children and a host of friends to weep and mourn. He was like sister McKinstor, a devoted christian, always doing all he could for the cause of Christ. He was buried at B. F. Moore's grave yard, Rev. Kelley Friley officiating.

We will say to the friends of both, if you want to see them again you can find them in heaven.

Colonel Ward is visiting at Wallace Jordan's. Scofield Jordan is very sick. C. C. Hayes and Bird Childers were out riding recently.

Mrs. R. T. Thompson is very sick. Dr. J. O. Moore is kept busy going to see his patients.

Our Sunday School is doing fine, talking of having a day called "Children's Day" soon.

Dora Moore, who has been very sick, is better.

We were sorry to hear of the death of John Perry of Georges creek. He was a good citizen.

Our creek is coming to the front. We have four mills, three blacksmith shops, three good churches, six preachers, seven stores, several good citizens, and the loafers are too numerous to mention.

Due Notice is Served. Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never dissatisfied, because it cures. The Louisa Drug Co., J. D. Biggs Mgr.

Avoid all drying inhalants and use that which cleanses and heals the membrane. Ely's Cream Balm is such a remedy and cures catarrh easily and pleasantly. Cold in the head vanishes quickly. Price 50 cents at druggists or by mail.

Catarrh caused difficulty in speaking and to a great extent loss of hearing. By the use of Ely's Cream Balm dropping of mucus has ceased, voice and hearing have greatly improved.—J. W. Davison, Atty at Law, Mammouth, Ill.

Good for Children. The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup, LaGrippe because it does not pass immediately into the stomach, but draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Chronic Bronchitis Cured. "For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Sold by Louisa Drug Co.

## Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

A Sweet Breath

Is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. The Kentucky building at the fair will cost about \$50,000, and if the interest hoped for by the association is displayed in this school teachers' popular contest, there will be no trouble in erecting the handsome structure out of the dime and dollars of the school children and the public in general. There is no school child in the state that is not able to cast one vote in the contest, and many doubtless will cast scores of votes.

The contest is under the immediate supervision of the educational committee of the association, of which Professor H. C. Brownell of Louisville is chairman. Associated with Professor Brownell on the committee are some of the state's best known educators. None of them, however, will be eligible to election in this contest.

## WHOWILL BE WINNERS?

Free Trips to World's Fair For Most Popular Teachers.

EXHIBIT ASSOCIATION'S BIG OFFER.

One to Be Elected From Every County in the State—Full Details of the Plan—Description of the Kentucky Building to Be Erected at Exposition.

Who is the most popular school teacher in this county?

The Kentucky Exhibit association wants to know, and this week puts on foot a plan for finding out. Whoever it may be, he or she will be given a freetrip to the Louisiana Purchase Exposition in St. Louis next year, the association paying every expense, including railroad transportation to and from St. Louis, six days' board at one of the best hotels in the Mound City and admission six days to the World's Fair. This is an opportunity that should appeal to every educator in the state. The exhibition will be the greatest international event of the kind ever held, the World's Fair at Chicago in 1893 not excepted. One entire building is devoted to education, and in it Kentucky will have 2,500 square feet of space. This alone is a sufficient attraction for school teachers, but every building will hold out an inducement to all visitors, so the entire six days to be spent on the grounds will be one valuable series of lessons that could not be learned elsewhere.

The plan of the Exhibit association, by which the most popular school teacher in every county in Kentucky will be given this trip to the exposition, is set forth in detail in our advertising columns. It contemplates the selection of the most popular teacher by a vote-giving process that gives to every school child in the state, his or her parents, sisters, brothers, aunts and uncles a chance to participate in the election. The right of franchise is denied no one in this interesting contest.

Beginning at once the association will receive at its headquarters in

Louisville votes in ballots of ten each. Everybody is invited to vote on the ballot to be clipped from the plan in another column of this issue. There are ten spaces for votes, each vote representing ten cents. School children may form clubs of ten and send one dollar to the association, and thereby cast ten votes for their favorite teacher. This privilege is also offered to the public in general. It is possible, in fact desirable, for one person to cast ten votes at a time by writing his or her name across the ten spaces and forwarding one dollar to the association.

An attractive illustrated envelope, the signature of any voter, but is especially anxious to have all school children sign their names plainly, so they may make themselves from list of thousands and thousands of the coming men and women of Kentucky for enrollment in the Kentucky building to be erected at the exposition.

All of the money derived from this plan, over and above the expense of the most popular teachers of the state, will go towards the erection of the Kentucky building at the fair. Those voting in this contest will thus have the satisfaction of knowing that they have not only assisted in the election of their favorite teacher, but have contributed no little to the movement that will result in the most successful representation ever given the state at an exposition of this kind.

The Kentucky building at the fair will cost about \$50,000, and if the interest hoped for by the association is displayed in this school teachers' popular contest, there will be no trouble in erecting the handsome structure out of the dime and dollars of the school children and the public in general. to give to the county casting the largest number of votes—Jefferson excepted—the privilege of sending two teachers to the fair at its expense, the most popular teacher and the second most popular teacher.

The association has mailed to every teacher in the state, whose name it was possible to obtain, the plan in detail and it will be read to his or her school, if in session now, or when opened during the summer. The contest will not close until every school in the state has had a chance to vote.

Professor H. V. McNeeney, state superintendent of public instruction, has given his hearty endorsement to this contest, and has issued a letter to the public school teachers of the state suggesting that they read to their schools the details of the plan and help in the contest.

The contest is not confined to the public school teachers of the state, however. Every educator
